

CB23F35: Low-Code Application Development using Zoho Creator

AIM:

To create a Student Management Application using Zoho Creator

OUTPUT:

The image displays two screenshots of the Zoho Creator interface for building a Student Management Application.

Top Screenshot: Student Form

- Basic Fields:** A palette on the left containing icons for Name, Email, Address, Phone, Single Line, Multi Line, Number, and Date.
- Form Fields:** A central area showing the form layout with fields for Student Name, Date of Birth, Gender, Email, Phone, Address, Department, and Year.
- Field Properties:** A panel on the right for configuring the selected field. It includes options for Field name (Student Name), Field link name (Student_Name), Validation (Mandatory), and Display Fields (Prefix, First Name, Last Name).

Bottom Screenshot: Guardian Contact

- Basic Fields:** A palette on the left containing icons for Name, Email, Address, Phone, Single Line, Multi Line, Number, and Date.
- Form Fields:** A central area showing the form layout with fields for Guardian Name, Relationship, Phone, Email, Address, and Occupation. The Occupation field is highlighted with a dashed border and a blue circle.
- Field Properties:** A panel on the right for configuring the selected field. It includes options for Field name (Occupation), Field link name (Occupation), Validation (Mandatory, No duplicate values), Initial value, and Character maximum (255).
